For Immediate Release

Augusta, GA. - **Coming Saturday, March 21st at 7:30 pm at the National Science Center's
Fort Discovery Paul S. Simon Theater ~**

Angie Aparo with special guest, Patrick Davis

The Downstairs Live Productions listening room of Chuck Williams returns to NSC's Fort Discovery Paul S. Simon Theater! Singer-songwriter Angie Aparo performs Saturday, March 21. Influenced by Bob Dylan and Neil Young, listeners hear that leaning in the pacing and tone of some of Aparo's indie/rock/pop/country songs --- particularly **Hard Woman**. Perhaps best known as the writer of Faith Hill's chart-topping **Cry** and co-writer of **Big Time** with Big and Rich, this southern artist has recently gained more traction and is becoming a recognized name, independently.

Country artist **Patrick Davis** has just released **Where I'm From**. He is also a singer-songwriter and originally hails from Camden, SC. Now based in Nashville, Davis is another one "to watch."
