For Immediate Release

SRS Tech Days

Feb. 10 – 11, 2009

*Middle School Math and Science Student Groups –
Still Time to Register and Attend!*

Augusta, GA. – This year's Savannah River Site Technology Days is scheduled for Tuesday, Feb. 10 and Wednesday, Feb. 11 at the National Science Center's Fort Discovery – One Seventh Street, Downtown Augusta on the Riverwalk.

Sue Clark, of the Savannah River Site, encourages middle school math and student groups to register. She says registrations will be accepted until Wednesday, Feb. 4. Teachers – please contact her at the above number or email – or website, below.

According to their web page at <http://www.srs.gov/general/outreach/techdays/index.html> :

SRS Technology Days serves the following important purposes:

- Motivates students to be excited about some aspect of technology
- Encourages students to seek careers in science fields such as chemistry, biology, engineering, or physics
- Informs students why math and science are important
- Enables the public to view technologies being developed at SRS
- Provides opportunity for site employees to display SRS work activities to their families

The exhibits will be on display both days from 8 a.m.-2 p.m., and during Tuesday's Family Night, from 4:30-7:30 p.m.

Additionally, please note that while these two days are devoted to school groups, **the general public is encouraged to join the fun for Family Night on Tuesday, Feb. 10 – from 4:30 – 7:30 p.m.** There is **no cost** to the public and National Science Center's Fort Discovery's new exhibit, National Geographic MAPS: Tools for Adventure will also be open in the Knox Gallery during this time – at no charge.
